About the Directors

PREETI MISHRA
PUSHKAR NAWALE
ROHITH BHOGADI

SARATHI ACADEMY

Prestigious Alumni from
Indian Institute of Technology, Kharagpur
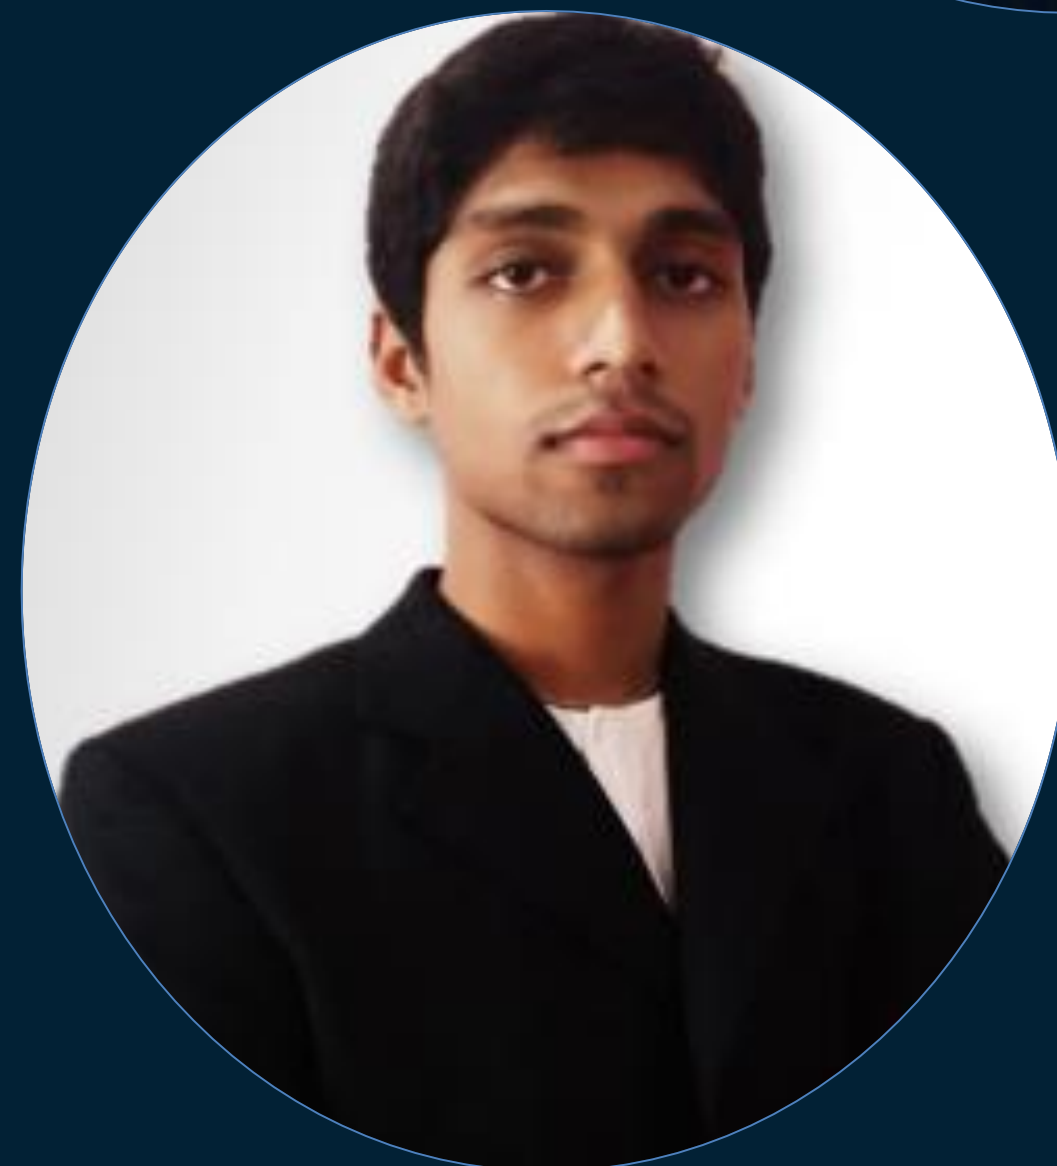

PUSHKAR NAWALE

Pushkar Sir is one of the directors of Sarathi Academy, Kharagpur. Holding a bachelor's degree in Mechanical Engineering from IIT, Kharagpur, sir has always been a lover of physics. Known for his ability to relate the theory with day to day examples, sir has successfully inspired students to give their best regardless of their caliber. His commitment can be understood by the fact that he chose to forego placements in his final year.

ROHITH BHOGADI

Rohith Sir graduated from Ocean Engineering and Naval Architechture department in IIT Kharagpur. Due to his excellent academics he represented India in an international exchange program held in Osaka University, Japan . Having gathered an experience of teaching for 5 years, sir is expert in planning, inspiring students and leading by his example. Being one of the pillars of Sarathi, he has nurtured and counselled students to go beyond their potential.

Dr. PREETI MISHRA

Dr. Preeti Mishra has completed her PhD in Biotechnology in year 2018, representing IIT Kharagpur in an International Conference at Sydney, Australia

Due to her intense passion for teaching and having worked with leading institutions like Kendriya Vidyalaya's all over the Eastern Bengal region, she has gathered valuable inputs for guiding and nurturing young children.

Madam seeing the need of quality education for Kharagpur students, has been instrumental in growing Sarathi Academy in Kharagpur.

FROM THE DIRECTORS DESK

Sarathi has been started as a forum for nurturing young minds aiming to develop the potential of each student in a stimulating environment of academic excellence and mutual respect. Upon receiving recognition and support from students and parents, it grew up into an academy where XI and XII students are taught syllabus of JEE and NEET along with board preparation and IX and X students are taught board syllabus in such a way that it acts as a strong foundation for the competition they are going to face in the future. Faculty members here are all students from IIT, so there is not only an experience of teaching but also the experience of struggle for clearing the competitive examinations.

Here at Sarathi, emphasis is given on strengthening the fundamentals and clearing the doubts. We aim to equip our students with monthly tests, fortnightly doubt classes, weekly assessment so that they can march daily towards success.

We, at Sarathi, give special attention to each student, whether it is academic mentoring or providing emotional support to the students. We believe that any student can succeed in some way provided he is given the right guidance at the right time. We believe that students and parents also help us in making our students succeed and bring good reputation for us.

For long there has been a need of a venture like this for aspirants of Kharagpur preparing for JEE and NEET. I am very happy with their efforts and wish them success ahead!
Mr. Mahendra Kumar Prasad,
Chief Personal Officier,
South Eastern Railways

The teachers of Sarathi are highly dedicated to helping the students in all ways possible. Rohith sir and Pushkar sir have immensely helped my child to be a better person today.
Mr. Pankaj Kumar,
Deputy Inspector General,
CRPF

The best place for learning is when the teachers have gone through the same path as the students.

Professor Aparup Pakhira,
JIS University, Kolkata

The environment of Sarathi is very warm and conducive for studies.

Professor ND Pradeep Singh,
Department of Chemistry, IIT Kharagpur

Recommended By :

Sarathi teachers have designed an extensive and exhaustive study material for IIT JEE which caters to the needs of the aspirants.

Laxmi Narayan Varma,
IIT Kharagpur, Walmart Labs

The teachers at Sarathi are very dedicated for their profession. This generates similar enthusiasm amongst the students for studies.

Sarthak Sugandhi,
Intel, Banglore

I promise to visit Sarathi regularly as it is really a very needed Institute. There is nothing other than this academy.

Rathin Singha,
CSE Dept, IIT-KGP, AIR 1 7 8 , JEE 2 01 8

Why Sarathi is the Best

○ **Maximum faculty members from IIT**

A teacher should be one who knows the way, goes the way and then, shows the way. Here at Sarathi we have the best of the faculty members from across many departments, having such high packages, having such high caliber. Faculties having board marks upto 98%, faculties having expertise over physics, chemistry, maths, faculties who are there right from the premier institutes who can not only teach but share their experiences of preparation for IITs.

○ **Creative ways of teaching using ppts, videos, animations etc.**

Ever wondered why the students are addicted to smart phones? Why they are just caught up with the mobiles and laptops for hours and hours. Because it really captivates the mind and intelligence. Here at Sarathi we use state of the art techniques so that the minds of the students are engaged in grasping the subject matter with full attention. That's why we use ppts, projectors, animation, smart classes to make the students very comfortable with the subject. That's why we call teaching at Sarathi is so much fun and students really love the subject matter.

Why Sarathi is the Best

Revision classes

First time studying is Understanding, Second time studying is grasping, third time studying is Mastering. Especially for the competitive exams like IITJEE, NEET, etc. where mastery is required. It necessitates the student to regularly revise the contents at regular intervals otherwise things just get evaporated from the brain. That is why here at Sarathi we have regular Review classes so that students don't lose touch with the old contents when they are learning new ones.

Proximity Access to teachers

Previously when there was an era where teachers and students used to stay together. Ever Wondered why? Because the student requires step-to-step, moment-to-moment guidance by the teachers. Many coaching classes don't share the contact details of the faculty members fearing that the students will interact directly with the teachers and the reputation of the coaching will get sidetracked. But here at Sarathi student can call the teachers and get doubts cleared. Because every Arjuna requires a Drona!

Super Smart Study Slots

From many ages and centuries ago Svadhyaya is one of the main principles in the making of a first class student. Many a times students have this notion that just attending classes by an expert faculty can bring success. For sure the role of teachers cannot be undermined but Self-study by student is equally important if not less. So here at Sarathi we have smart study slots where the students must solve the Practice papers in order to imbibe the subject matter deeply.

Why Sarathi is the Best

◉ Festival celebrations - Teacher's day, Children's day

Imagine writing with a pencil for 100 long hours at a stretch. I bet you cannot because the pencil requires sharpening at regular intervals. Sharpening a pencil is not a waste of time. That is why here at Sarathi we have regular festival celebrations that not only act as great stress busters but also caters to the emotional and social needs of the student.

◉ Regular meetings with highly qualified Professors , Doctors, Researchers and IITians

IITJEE or NEET preparation is not a sprint, it's a marathon that requires years of hard work and consistent inspiration. That's why here at Sarathi we organize regular meetings with esteemed personalities like IAS IPS officers, doctors, software engineers, Ph.D. research scolar and previous year student who have themselves achieved peaks of success in their lives. Meeting. Interacting with them, listening to their success stories inspires our students.

◉ Scholastic Complete Study Material

Do you know why many students who are sincere, studious and hard-working as well get poor rank in competitive exams like IITJEE? A very significant folly that contributes to such unfortunate predicament is CHOOSING under-quality study materials, irrelelvant reference books or, books with a lot of similar questions. That is why here at Sarathi we have designed a complete and thorough coursework that emcompasses relevant quality content and a variety of problems as well. At Sarathi, we have OMR pattern tests for NEET and online test for JEE students to make the students comfortable on the D-Day.

Why Sarathi is the Best

⊙ SMART card for effective time management

It is said that by failing to plan we are planning to fail. Here at Sarathi we equip our students with SMART card that has been designed on the principles enunciated by the globally acclaimed Management gurus like Stephen Covey, Simon Sinek, Shiv Khera, etc. SMART card helps the student to monitor his whole day's activity, and channelize his energy effectively.

⊙ Review of Students' Performance

Anything that has to be managed requires to be measured. When we realize our strengths and weaknesses, only then we have the opportunity to capitalize on them effectively. That is why at Sarathi we have regular review of student's performance.

⊙ Balancing Boards and IITJEE Preparation

IITJEE is board plus something extra. Our curriculum is designed in such away that it covers the spectrum of entire board syllabus and then we add the rainbow of IITJEE preparation so that students can come up with flying colors in both exams. Here at sarathi we have a balanced and wholesome approach towards this that caters to the needs of Board exam preparation as well as competitive exams preparation.

GENERAL RULES AND REGULATIONS

ATTENDANCE

Students are expected to attend all classes without fail. If, for unavoidable reasons, student fails to attend the class, information and communication to management is expected, thus, permission from competent authority should be sought.

DISCIPLINE, CONDUCT AND BEHAVIOUR

- All students should reach the classroom on time and shall not leave the class without the permission of the teacher.
- All students should wear decent clothes.
- The behavior of the students, both within and outside the institute premises should be decent and befitting to a professional institution.
- Students must park their vehicles only in the space allotted. They should not bring four-wheelers to the institute as they arrive for classes.
- Students found guilty of ragging/misbehaving with other students/faculty/management staff will be dismissed from the institute.
- Students are prohibited to use mobile phones within the institute classes. They can bring but are recommended not to use it. Mobile must be kept in silent mode during the presence within the campus.
- Plastic or other trash should not be thrown inside the institute or in the premises. They should be disposed in the dustbin only.
- Students shall keep themselves informed of the instructions issued to them from time to time orally or through messages/ notices/ circulars and emails.
- Students are expected to contribute towards the academic/ social/environmental initiatives that the Institute may undertake.
- Participation in institute programs, within the city or outside, owing to representing the institute must be subject to the permission of the Management.
- Students are required to keep safe custody of their valuables. They should maintain decency and decorum during class and events, be it inside the institute or outside.
- Laptops/Computers are to be used within the institute for academic purposes only.
- Any unhealthy relationship between students that might affect their academic performance, breach their personal space or affect the reputation of the institution will be strictly dealt with.
- The Institute campus is a no-smoking/alcohol-free zone. Strict action will be taken if a student is found guilty of.
- Using abusive language and creating nuisance in the premises of this institute, disturbing the peace and independent rights of fellow students and faculty members is offensive and will be strictly dealt with.

GENERAL RULES AND REGULATIONS

- Fraud, deceit, deception, dishonesty or theft in relation to this institute or its staff or in relation to being a student of this institute is offensive and will be strictly dealt with.
- Action or words likely to cause sexual or racial harassment of any student, member of staff or other employee of this institute or any authorized visitor of this institute is offensive and will be strictly dealt with.
- Students are expected to maintain the beauty and cleanliness of the Institute. Damage to, or defacement of Institute property caused intentionally or recklessly, or misappropriation of such property which includes , damaging library books, resources and furniture like cupboards / lockers / file cabinets / walls /doors/ windows/ white board / tables / equipment / chairs etc. by way of writing names/painting/scribbling etc. is offensive and will be strictly dealt with.
- Every student should carry his/ her identity card and produce it on demand by the authorities.
- Students are prohibited from organizing or attending meetings in the institute, distributing notices, collecting money and exhibiting banners, flags, posters etc. without the permission of the Management.
- Political/ organizational activities are banned in the institute, save those official activities which are specifically permitted or sponsored by the institute authorities.
- Students found guilty will be given warning and may be levied with a fine of Rs.2000 or more.
- The Director shall be the final authority in the interpretation of the Institute rules. Matters not covered by these rules are left to the discretion of the Director and his decision shall be final.

      I hereby agree to comply with the above mentioned rules and regulations along with the terms and conditions.

FAQs

Q1. I am an average student. Can I crack IITJEE?
What lies behind you and what lies beyond you are tiny matters compared to what lies within you. IITJEE preparation requires sheer determination, self-control, and consistent endeavors. We have seen many students getting as low as 70% in their X boards but came out with flying colors in IITJEE whereas their school toppers flunked in IITJEE. So yes! Preparation is difficult but proper guidance and hard work, anything is possible.

Q2. Does Sarathi Academy Support preparation for NEET?
Of course. In fact we have one of the best result in the history of KGP (624/720).

Q3. Are there separate batches and faculties for JEE and NEET courses?
 Yes

Q4. Is the hostel facility available for everyone? What is the hostel fees charge?
Hostel facility is for boys as well as girls. Details can be discussed at the time of admission.

Q5. Can I pay the fees in installment?
Please refer to the FEE STRUCTURE section of the brochure.

Q6. Why should I join your coaching only?
Every student is special. These important years from class VIII to IX, of every child are taken care in a special way at Sarathi. Our internal motto is "Dedicated to the Service of Nation" and the future of the nation is dependent upon these students. Thus Join Sarathi to get the best out of these important years. For more reasons, refer to WHY SARATHI IS THE BEST section.

Q7. I have given XII this year. I want to repeat one more year. Can I prepare at Sarathi?
Yes, in Repeater's batch, we have planned exclusive zipped classroom module covering entire IITJEE syllabus in 1 year. But since time is short, we expect the students to be more prompt and enthusiastic.

Q8. Can we get counselling for where to take admission and about other scopes of study?
Yes. Sarathi faculties conduct classes in between for foundation course students to make them aware about different future scopes in the field of science. For JEE and NEET batches teachers guide them till their admission in the colleges.

Q9. Anyone who goes to Kota or Delhi clears IITJEE and NEET . Why to stay here?
First of all it is a misnomer that anyone who goes to Kota or Delhi clears IITJEE or NEET. The success rate even in big coaching hubs is 1-2%. Although world class facilities are available there, still that is not the complete story. First of all staying in a big city and studying in any of the popular colleges require around 4-6 lakhs per year. Secondly, not all batches receive equally qualified teachers. Apart from first few batches, the rest of the faculty are quite average. Moreover, cut-throat competitive atmosphere, no support from family members, peer pressure, inability to maturely handle the freedom, endless distractions in the form of cyber cafes, mobiles, internet, addictions to self-destructive habits like smoking, drinking and drugs, and the most widely neglected issue of relationships leave a student bewildered in the casino of despair. All of which could have been avoided had the child been under the shelter and vigilance of the parents.

Q10. I have heard that while studying for medical we start earning after 10 years. But after doing engineering, one starts earning in 4 years only. Is it true?
No, that is NOT true. In general, doctors complete their study in 4 and a half year of study period and 1 year of internship. So in 5 and a half year they can join any hospital.

Q11. While preparing for IITJEE will my boards get affected?
No, the syllabus of IITJEE/NEET and boards are two largely overlapping circles. Only the mode of examination is different. Boards are mostly subjective i.e. they require detailed solution whereas IITJEE is fully objective based paper. If a student adapts according to the Board exam pattern, developing writing habits even just one month before exams, he can pass out with flying colors.

Q12. When is the ideal time to start preparing for IITJEE?
Now. It is best to start preparation from early classes like 8th onwards which is provided as foundation course in Sarathi.

Q13. How many seats are there in IITJEE and NEET?
16234 seats for IIT after cracking JEE Adv (as of 2020). There are a total of 91,927 MBBS seats in 612 colleges which includes BDS, AYUSH, B.VSc & AH. A total of 48,012 government seats for MBBS is available with 15% under All India quota and 85% under state. Reservation includes SC (15%), ST (7.5%), OBC (27%), EWS (10%), PwD (5%).

FEE STRUCTURE

Class VIII (CBSE/ICSE) — 1 year course

Admission fee	1st instalment	2nd instalment	Total fee

FEE STRUCTURE

- Instalment dates are given below

Instalments	Dates
First	1st April
Second	1st June
Third	1st August
Fourth (Target course)	1st December

- Payment later than the due dates mentioned would incur penalty charges.

- The academic session spans from 1st April to 1st February, unless otherwise stated.

- Scholarship ca be availed on the second installment. (please refer to the scholarship page)

- 5 % discount (only on tuition fee), will be available on lump-sum payment.

- At the time of admission, PDCs - post dated cheques of respective instalments must be submitted.

- First instalment/registration fee is non refundable.

- If any student leaves the course within one month of the admission, fee will be refunded with negligible penalty charges. However, if any student leaves the course after one month, different penalty charges will be applied depending on the tenure covered.

Foundation batch

Class IX and X

This is a two year program which provides a comprehensive preparation for class IX and X students for school, boards, and all scholastic & competitive exams at the city, state & national level, including NTSE & RMO by raising the IQ of the students i.e. sharpen analytical skills & mental ability, and evolve students' thinking process making them capable of solving complex problems.

This program lays a strong foundation for competitive exams like NEET, JEE Main & JEE Advanced, etc., and helps students to easily adapt to the exponential increase in the level of academics in Class XI & XII vis-a-vis those who wait till Class XI to join a coaching institute.

PROGRAM FOCUS & OBJECTIVES

- Emphasis on imbibing the Fundamental Concepts of Maths, Physics, Chemistry and Biology
- Sharpening Analytical Skills and evolving their thinking process which makes one capable of solving complex problems.
- Imparting right Time Management skills to ensure optimum output.
- Comprehensive coverage of class IX and X
- Single comprehensive study material. Additional problems will be supplemented wherever necessary.
- Chapter Practice Problems (CPP): In each chapter, students will be given chapter practice problems that they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the students with remarks and suggestions. Thus helping every student to have a very strong command over fundamental concept knowledge is very crucial for getting Top ranks
- Benchmark yourself amongst successful aspirants. Identify improvement areas and remedial suggestions. Mock Board Test Series, Mock NTSE Test series for all Sarathi students. Regular feedbacks & test analysis sessions
- DURATION - 3 days/week. including classroom interaction and tests.

Target Batch NEET/JEE

This is a two year program designed to unleash your analytical, logical & thinking ability and attain success in NEET, JEE Main & JEE Advanced, XII Boards, Olympiads & Kishore Vaigyanik Protsahan Yojana (KVPY).

Sarathi prepares you for NEET, JEE Advanced & JEE Main in a Pattern Proof Mode. This means that you are prepared to give your best and optimum performance even if the pattern of the exam is changed at the last minute.

All Sarathi Students who qualified for NEET and JEE also scored well in their XII Board Exams thus figuring in the Top 20 percentile of their respective Boards.

The entire course is divided into 2 phases. Phase one includes class IX course and phase two covers class XII. It includes study slots in the morning hrs and regular classes in evening throughout the week. Please contact Sarathi Academy center for more details.

Phase Tests are followed by Test Analysis Sessions. The Program spans across Classroom contact hours of approx. 1100 hrs. i.e. 500 hrs. in Class XI & 600 hours in Class XII which includes additional doubt removal sessions, study slots, JEE advance preparation classes, Ranker's Test Series, Biweekly test series and Phase Test and Test Analysis Sessions.

All Students qualifying in JEE Advanced (in Common Merit List) and wishing to appear again in JEE Advanced will get Direct Admission to One Year Classroom Program for JEE Advanced. For scholarship, these Students can appear in the admission test (Scholarships are awarded on the basis of performance in the admission test).
